MURAL-Presenter

Carrying decisions through long presentation authoring

Keeping an early constraint

The constraint enters bright; by the final deck it may be gone.

Responsibility follows joint work

Single Owner

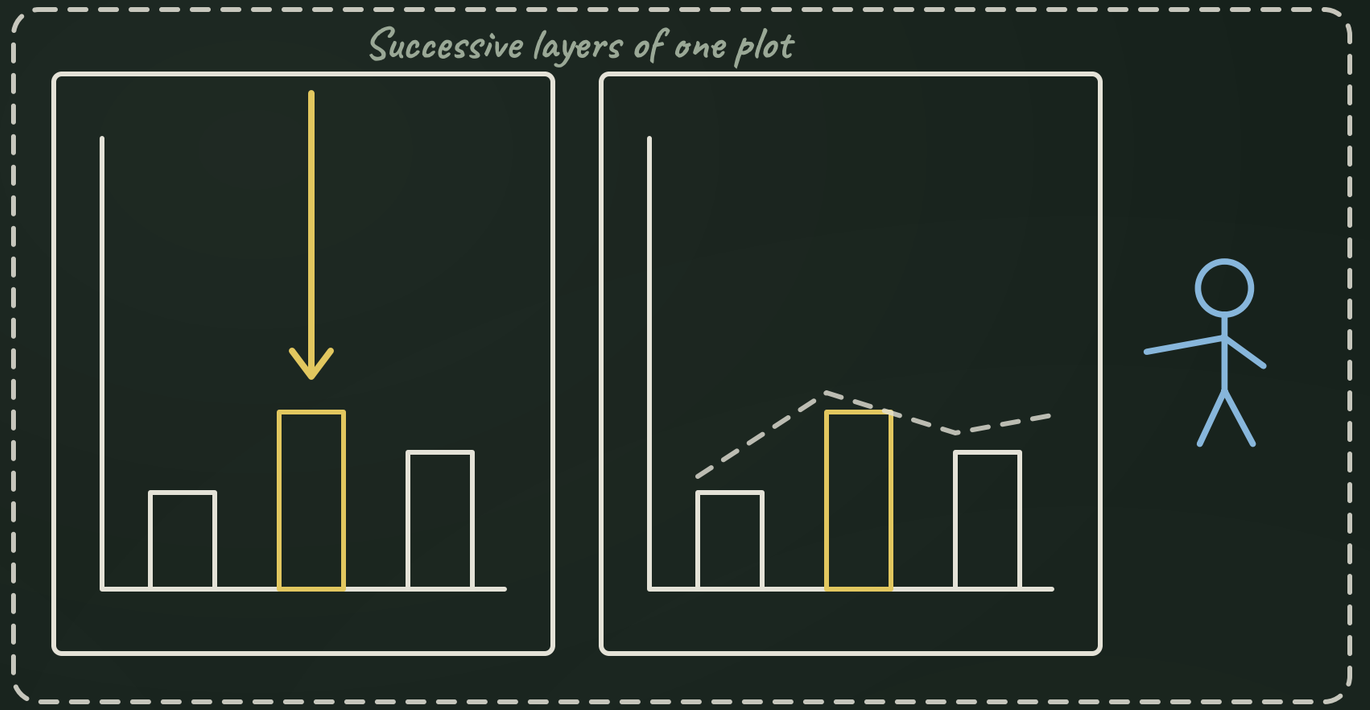

fixed shared inputs

Group Owner

Successive layers of one plot

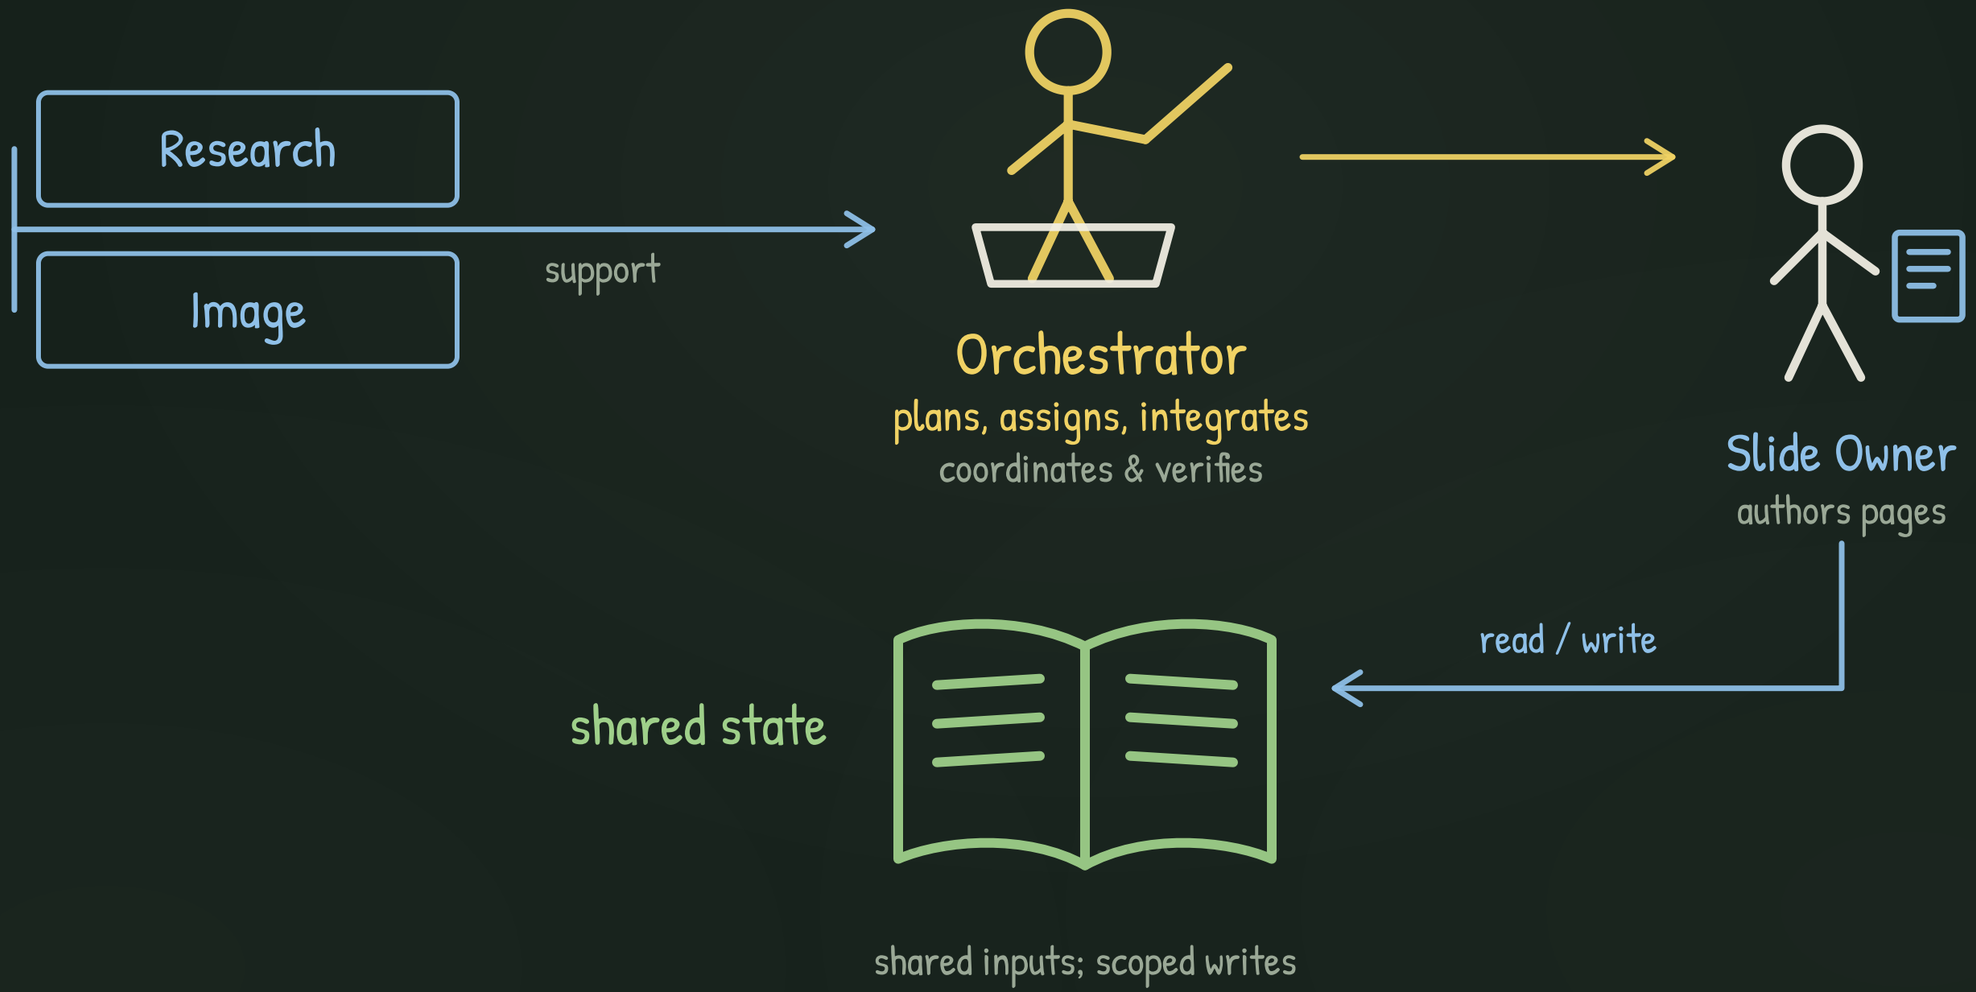

Page A · layer 1

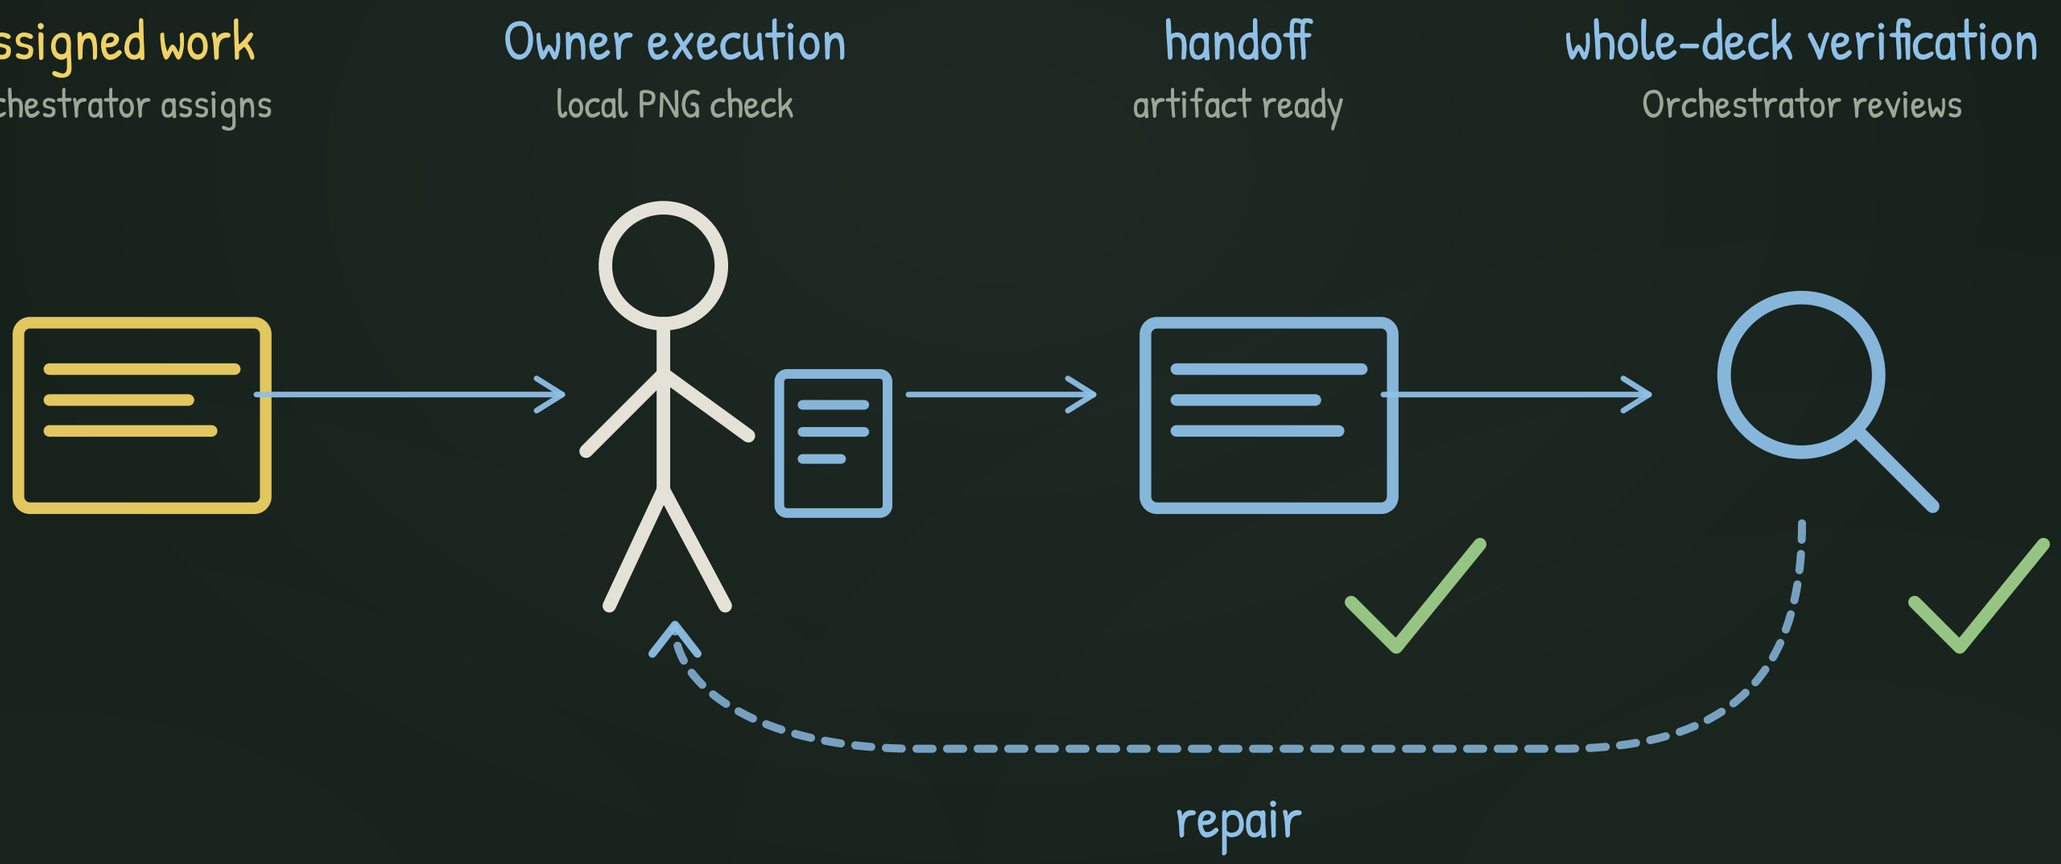

Page B · layer 2

Group pages only when joint adjustment remains.

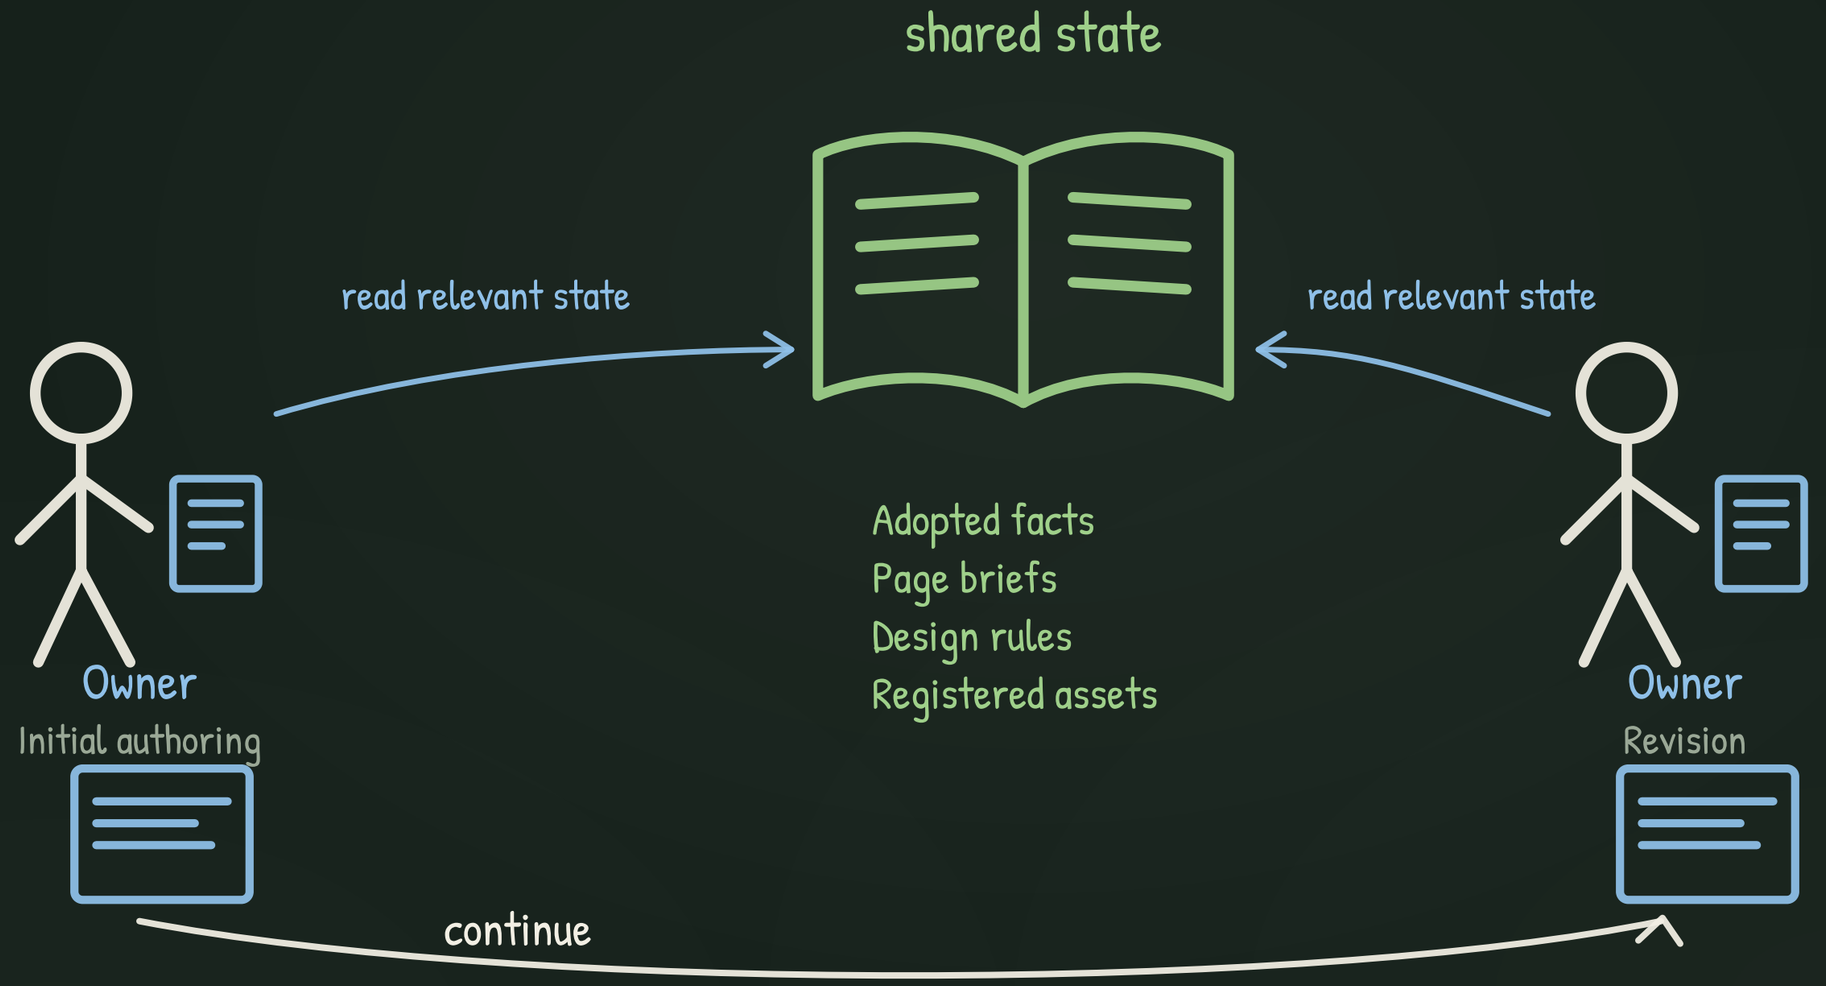

Orchestration and local execution

Execution, verification, and repair

Shared state & continuing responsibility

Context can be rebuilt; responsibility persists.
